NEW FOR 2021

Ultimate Climber may just be the coolest, most exciting, and challenging monkey bars system ever created. We loaded this double-wide monkey bar with all kinds of strength, dexterity, and climbing features designed to help children be healthy and succeed at new challenges.

The ultimate climber includes two sets of monkey bars supported by ultra-strong 4x6 timbers. One side of the monkey bars is a traditional flat rung style and the other side is our new wave climber featuring an up and down climbing experience. There are lots of hand-over-hand sliding bars and grips, a chin-up bar, cliff hanger grips, swinging gym rings and trapeze bar, and the all new hanging ball grips. Ball grips are movable and create unlimited combinations of hand to hand swinging rope challenges. Cliff hanger grips challenge even the strongest children with many expert level climbing transitions. And of course the Ultimate Climber wouldn't be complete without a built in fireman's pole for extra fun and a safe dismount.

Ultimate Climber

The Summit Outlook Ultimate Climber stands 6.5' off the ground and attaches to any Summit or Outlook fort structure. The incredible value of our totally unique, industry leading ultimate climber keeps getting better when you pair it with a new Loft and Loft Porch!

Ultimate Climber, Loft XL, Cabin Package, and Loft Porch

What could be better than all four of our new Summit Outlook products combined into one massive play system? Check out the incredible play value of each feature below!

Kitchenette

We are really excited to share our new kitchenette! The wooden cabinet can be installed in any lower playhouse or upper fort, and it includes lots of fun food toys. The best feature is our electronic stove top with moving blender, sizzling frying pan, and boiling pot.

Summit Outlook Cabin Package

Cabin Packages turn any XL fort space into a cabin in the woods, complete with double-doors, windows with screens, and a cozy enclosed feeling.

Summit Outlook Loft XL

Loft XL is a 5' x 5' play space on top of the ultimate climber. The deck stands 7' tall, so our longest 14' slides, 7' tube slides, and 7' open spiral slides are easy to add. You can also enclose Loft XL with a cabin package for added play value.

Summit Outlook Loft

The Loft is a 5' x 4' play space on top of the ultimate climber. This value oriented, high-in-the-sky fort is a perfect option for adding 14' slides, 7' tube slides, or 7' open spiral slides to any Summit Outlook playset.

Summit Outlook Loft Porch

Loft Porch extends the play space of Loft XL or Loft, adding an additional 3' x 5' play area. Loft Porch is also designed for all three types of slides, and pairs nicely with Loft XL and Cabin Package.
